

“ I was 15 and worried about pregnancy. A counsellor talked to me about relationships, birth control, and staying safe. The doctor gave me my first birth control pills – free. I’ll always remember the support I got from Teen Clinic! ”

Teens

Free, confidential walk-in health services for all genders ages 13 - 19.

Every donation makes a difference

You can positively impact a teen’s life. Each year, thousands of young people use our counselling and medical services to make informed choices about their health and wellness.
